3. A license that has expired may be renewed within one year from the date of expiration upon payment of the required renewal fee. The fee will not be prorated for any period during which the license was expired.
4. An application for renewal of a license more than one year after the license expired will be considered an application for initial licensure.
5. A licenseholder shall notify the board of any change in the licenseholder's name or mailing address, or of any change in the physical address of one of the licenseholder's places of business, within sixty days after the change occurs.

1. Failure by the licensee to identify himself or herself before beginning the massage and failure to provide sufficient supervision of massage by students; or
2. Commission of one or more acts which indicate the licensee lacks good moral character and is therefore ineligible to be licensed by the board, including:

49-01-02-05. Continuing education.

1. To renew a license as a massage therapist, the licenseholder must submit sufficient proof to the board of completion of at least eighteen hours of continuing education within the last year, including the date, time, and location of the instruction, the name of the program or course, the instructor or instructors, and the provider of the program or course.
2. To qualify as continuing education under this section, the instruction must be offered by a qualified instructor and be directly related to the practice of massage therapy. The course of instruction must be approved in advance by the board. The licenseholder or provider must identify the instructor of the course and describe the qualifications of the instructor, the topics covered during the course, and the total hours for which the licenseholder seeks approval. Any continuing education is required to be preapproved by the board. When deciding whether to approve continuing education, the board will consider the quality and reputation of the provider and instructor, including consideration whether the provider or instructor is nationally recognized or accredited in the field of education of massage therapy or the specific subject being taught, and whether the instructor has the education and other requirements to teach the subject for credit as contained in section 49-02-02-02. Further, the board must determine whether the content of the course is appropriate for continuing education of massage therapy.
3. Continuing education of up to six hours per year may be obtained by remote means such as telephone, internet, correspondence course, or videotape. Any remote continuing education is required to be preapproved by the board. When deciding whether to approve remote continuing education, the board will consider the quality and reputation of the provider and instructor, including consideration whether the provider or instructor is nationally recognized or accredited in the field of education of massage therapy or the specific subject being taught, and whether the instructor has the education and other requirements to teach the subject for credit as contained in section 49-02-02-02. Further, the board must determine whether the content of the course is appropriate for continuing education of massage therapy and whether the topic is suitable for training by remote means, such as ethics or business practices. The board may also consider whether the provider has adopted a procedure or method to determine that the licenseholder has actually reviewed the materials, such as by testing or other methods.
